

EXPERIMENTAL SOLAR RATE SCHEDULE

**ELECTRICAL DISTRICT NUMBER TWO
PINAL COUNTY
5575 N. ELEVEN MILE CORNER ROAD
P. O. BOX 548
COOLIDGE, ARIZONA 85128**

Schedule No. 4 - S
Commercial Solar PV
Rate Adjustment
Effective May 9, 2012

Eligibility:

This Rate is applicable to District customers served under Rate Schedule No. 4 who install a photovoltaic (PV) solar system having a nameplate rating limited to no more than 100,000 watts or the customer's peak demand over the previous 12 months, whichever is less. To be eligible the customer must sign a Solar Electrical Application and Agreement and comply with the installation and equipment specifications contained therein. This rate is experimental in order to assist the District in determining appropriate procedures for rates for commercial solar customers. It is subject to rescission by the ED2 Board of Directors at anytime.

Billing:

Customers with eligible PV solar systems will be billed under Rate Schedule No. 4 subject to the following modifications:

Monthly Service Charge: \$50.00 per month
Energy Delivered to District: \$.04 per kWh credit
Special Meter Charge (one-time charge):
 \$150 - Single Phase Self Contained Meter
 \$200 - Three Phase Self Contained Meter

Under this solar rate adjustment schedule, the kilowatt-hours delivered by the District to the customer to serve their metered load are billed at the District's full commercial retail rate. The kilowatt-hours generated by the customer's PV solar system that are over and above what are needed to meet the customer's hourly load will be purchased from the customer at the above energy rate. This purchase amount will be paid to the customer in the form of a credit on their monthly bill.

All other adjustments, taxes and charges associated with Schedule No. 5 will apply.
